(a) Single-family and multi-family dwellings and related structures, mobile homes, apartment buildings, commercial structures, industrial structures, business structures, churches, hospitals, nursing homes, schools, or other structures normally inhabited by humans or intended to be inhabited by humans on a daily or regular basis.

(b) Due to the potential horizontal inaccuracies of the aerial photography and data utilized, all habitable structures within 550 feet have been identified.

(c) All habitable structures are located on Figures 3-1A through 3-1C (Appendix G).

(d) Direction represents the distance beginning at the nearest point of the identified link to the habitable structure.
