Date LCRA Water Quality Engineering & Planning staff Date		

## Conditions:

- 1. Comply with all applicable provisions of the Highland Lakes Dredge and Fill Ordinance.
- 2. Contact LCRA at least 48 hours prior to the commencement of project.
- 3. Federal, state, and local regulations, including Texas Commission on Environmental Quality Storm Water Pollution Prevention Plan requirements, FEMA floodplain regulations, etc. may apply.
- 4. This acknowledgement is valid for one year. If more than one year has elapsed from the date of acknowledgement, an extension may be requested by resubmitting this form to LCRA.
- 5. Observe requirements for preventing the spread of invasive species at all times.

Additional conditions, if applicable, per Highland Lakes Dredge and Fill Ordinance or Highland Lakes Watershed Ordinance:

- Install and maintain turbidity controls until project is complete and site is stabilized.
- Install and maintain erosion and sediment controls on adjacent upland areas until project is complete and site is stabilized.
